

Drew's Prayer Requests

Sunday - Pray for my soul. Sunday is the Lord's day of rest so pray that I would truly rest on the Sabbath. Pray that I would be recharged and refreshed for the upcoming week. Pray that I would drink deeply from the scriptures and feed my soul.

Monday - Pray for my motivation in all that I do. I am prone to do things out of wrong and selfish motivations so pray that I would be motivated by the gospel. Pray that I would be examining my heart this summer so that my actions and motivations can both be pure.

Tuesday - Pray for the testing of my faith (James 1:2-4). Pray that God would push me beyond my comfort level. I have many comforts that I lean on here in the states that I will have stripped from me in the Philippines. Pray that God would grow my faith and the faith of the team so we will wholeheartedly depend on him for our needs and wants.

Wednesday - Pray that God would empower me and my team to share the gospel with boldness (Romans 1:16). God changes hearts and he has chosen us to be his hands and feet this summer. Pray that we would plant gospel seeds in the hearts of the Filipino students and that God would provide growth (1 Cor. 3:6).

Thursday - Pray that I would hunger and thirst for God. Pray that me and my team would be seeking to know God and love him more. Pray that through our experiences and time over in the Philippines that God would reveal himself to us. We want to see his glory.

Friday - Pray that I would be focused on the Philippines. Me and my team are leaving many things behind as well as many people we love. Pray that we would be able to focus on our mission while we are over there and we would be able to disconnect from the states. God has brought us to the Philippines to see his kingdom moved forward so pray that we would not be distracted.

Saturday - Pray that me and my team would stay physically healthy and alert. Pray that we would adjust quickly to the time change and that God would protect our team from physical illness. Pray that God's hand of protection would be over us so that we have no stumbling blocks to fulfilling his mission for us this summer.
